DETAILED ACTION

Response to Arguments

1. Due to Applicant's arguments filed 7/27/2011 all previous rejections over Cracknell, Misicka, and Leu are hereby withdrawn. However, the outstanding claim objection has not been obviated (see ¶2 below).

Claim Objections

2. Claim 24 is objected to because it appears "fingers" in line 3 of the claim should instead be --finger-- since only one second retractable finger has been recited. Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claim 19 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claim 19 recites the adhesive applicator is mounted above the supporting surface while claim 18 recites the opening of the slot receives a nozzle of an adhesive applicator. The specification does not appear to disclose this. Rather, the specification discloses the opening of the slot receiving a nozzle of an adhesive applicator which is mounted below the supporting surface (see at least figure 5, ¶0033-0034).

Allowable Subject Matter

5. Claims 18,20-25 are allowed.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
